## 👤 PROFILE

Self thought Ruby on rails Developer. I study computing on my own since I was 14 years old, I learned many things about solving problems that made me more motivated to learn more and solve more. I love how in my hands I can build a system that other people can use, and be helpful

## 📁 EMPLOYMENT HISTORY

### Ruby on rails junior developer at Freelancer, São João do Paraíso

May 2021 — December 2022

I have worked as a freelancer to some costumers as a rails developer, but I keep a strong contract with one in specific, I was responsible to build new features and fix existent features in his applications, in this job I worked with many technologies beside of ruby on rails, like amazon AWS, heroku, docker, web marketing campaigns services, front end technologies like HTML, CSS, JavaScript, view component, tailwind, and several APIs...

### Freelancer frontend developer at freelancer, São João do Paraíso

August 2020 — April 2021

I was starting to earn my first money by coding, I subscribed in some freelancers platforms and got some jobs with HTML, CSS and JavaScript, I worked adding new features and fixing existent websites from several different costumers

### Ruby on rails developer at esense care, São João do Paraíso

August 2022 — Present

I'm responsible to maintain an existing ruby on rails application, I have to fix existing features and create new features for the application that is a platform used for several users in Brasil.

## 🎓 EDUCATION

### Tecnólogo em Análise e Desenvolvimento de Sistemas, Unopar, São João do Paraíso

July 2021 — July 2023

My degree is a Brazilian model, it's focused to prepare the professional to labor market, so it's focused in to teach us things that will let us ready to jobs in 2 years, so we learn many things that we'll need to work in companies
